

Become A MITA Member

Madison International Trade Association (MITA) is a Wisconsin-based organization that began in 1979 with a simple goal to assist Wisconsin businesses to succeed in international trade. Our initial vision endures today as MITA offers a forum for connecting people and providing global knowledge and resources to its members.

We are focused on providing current, relevant, and vital global trade information to the organizations and individuals looking to expand their international reach. We do this by producing quality programming with subject experts from around the country. From trade agreements to export documentation to economic trends, and hot topics, MITA keeps its members informed and engaged.

Membership in MITA provides many benefits including:

- **CONNECT** with experts and partners in the field of international trade to gain the knowledge you need to globalize your business
- **BE INFORMED** and gain tools needed to navigate the world of international trade.
- **NETWORKING** on-line via the MITA LinkedIn members group
- **DISCOUNTED** attendance to MITA events
- **ACCESS** to Members-Only tools, and resources
- **BROADEN** your understanding of the field of global trade

Additionally, by joining MITA you can obtain preferential attendance to our sponsored, monthly meetings and MITA-only events that feature timely topics related to international business.
